- Asian productivity organization.

b. What the company does

Al-Quraish concrete manufactures pre-cast roofs, tough pavers, Kerb stones and construction concrete Blocks. Its target market is every project which undergoes construction or building maintenance.

Strategy (Why we are the best.)

a. Vision statement

To be the leading company in construction, manufacturing and service provider by achieving best customer relation in terms of satisfaction, loyalty and cost & benefit positiveness.

b. Mission statement

Our mission is to enhance/improve at the level of throughout nationwide. Our products should be renowned just because of quality. We want to ascend number of factories in all over the Pakistan so that we can provide our quality products throughout Pakistan then after that we will proceed to international level.

c. Values

Produce quality product with finish and govern quality process.

d. Business goals & objectives

We take considerable pride in developing, sustaining unsurpassed levels of quality in manufacturing of products formulations in order to meet customer satisfaction. Under the technical guidance of **Al.Quraish** Concrete management. One of the leading providers in business advisory, regulatory services, internal audit, and corporate governance, we are constantly upgrading our facility to comply with international standards.

- We provide high tech innovative solutions to meet our customer requirements.
- We produce each and every product a high quality product.
- We introduce our factory all over the Pakistan.
- We increase our production/transaction at corporate level.
- We introduce new and low cost products to market which should also be quality products and highly durable.

Business concept

- **Pre-cast and pre stressed concrete goods manufacturing**
- **Girder Slab Roof**

Introduction:

Al Quraish Concrete (Pvt) Ltd. is proud to be a pioneer in producing a widely popular system of Low-Cost Precast & Prestressed Concrete construction of roofs and of inter-floors etc. which has proved its economy, convenience, speedy building construction and good quality of work. The system has two components i.e. R.C.C. Precast Slabs and Precast Prestressed Girders. We are the largest single company engaged in the manufacturing of pre-cast and prestressed concrete products of widest range and variety in Pakistan.

Advantages::

1. Time is substantially reduced
2. Different range of sizes for various spans
3. Simple & Rapid installation
4. Reduces on-site wet works
5. Cost effective

Pre-cast Roofs

I-section Girders

(Ranges from 5' to 30' in various girder sections like

4"x9"	4½"x10"	5"x12"	5"x14"
6"x15"	7"x18"	7"x21"	8"x24"

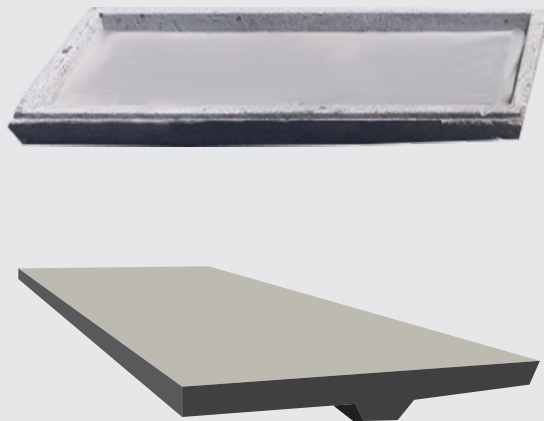

Production Capacity: 3600rft per day

Plain / Tray Slabs

2'x1'	2¼'x1'	2½'x1'
3'x1'	3½'x1'	4'x1'
4½'x1'	5'x1'	3'x1½'
3½'x1½'	4'x1½'	4½'x1½'
4¾'x1½'	5'x1½'	5½'x1½'
6'x1½'	6½'x1½'	7'x1½'

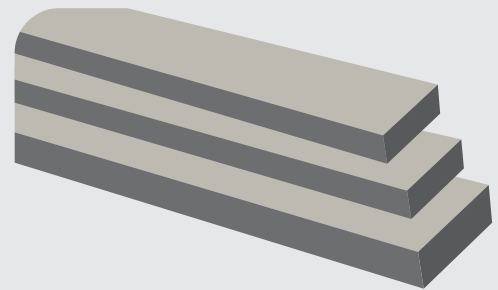

Production Capacity: 4000sft per day

Battens

2"x4"	2½"x5"	2½"x6"
-------	--------	--------

Production Capacity: 900rft per day

TR 1X1 ROOF & FLOOR TILES

Patio Products

Pavers

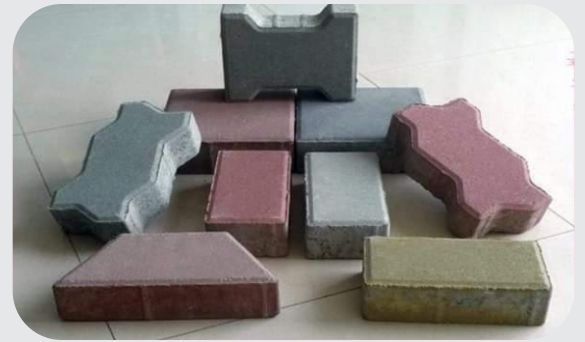

25mm

50mm

60mm

80mm

Production Capacity: 7000sft per day
Strength: 4000 psi - 7000 psi - 8000 psi

Curb stones

6"x12"x14"

6"x12"x18"

Production Capacity: 7000sft per day
Strength: 2000psi - 3000psi - 4000psi

Hollow Block

4"x8"x16"

6"x8"x16"

8"x8"x16"

Production Capacity: 9000 units per day

Solid Block

4"x8"x12"

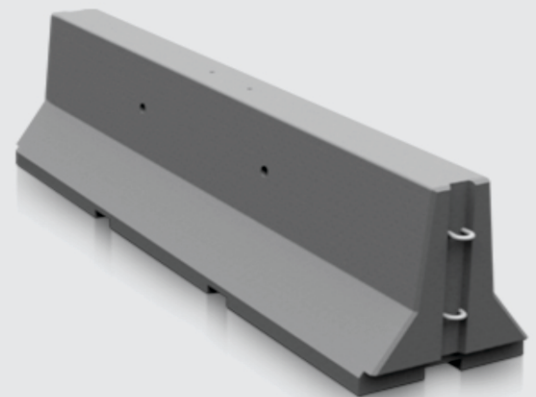

6"x8"x12"

Production Capacity: 9000 units per day

Security Barrier

Introduction:

Should you ever feel you are not getting the service you require please call us immediately @ +92 302 691111. We will do everything possible to rectify the problem.

List of Machinery

Name of Machinery		Units
1.	Concrete Batching plant 25m ³ /H	1 Nos.
2.	Gantry Crane 30 span	1 Nos.
3.	Hydraulic Press Plant 3000sft/D	1 Nos.
4.	Concrete Mixer Machine Dry Mix	2 Nos.
5.	Conveyers	4 Nos.
6.	Palates	2000 Nos.
7.	Dye for patios	20 types
8.	Dye for Kerb stone	4 Nos.
9.	Water sprinkle system for patios	2 Nos.
10.	Water dip curing system	6 Nos.
11.	Fork lifter 5ton	1 Nos.
12.	Concrete Mixer Machine wet mix	5 Nos.
13.	Girder Bed Vibrating Machine	3 Nos.
14.	Table Vibrating Machine (for slabs)	4 Nos.
15.	Water Pump	10 Nos
16.	Shattering (All Sizes)	3500 Rft
17.	Slab Molds (All Sizes)	3000 molds
18.	Chain Block	4 sets
19.	4 wheel hand pull Manual Trolley	5 Nos.
20.	Wire tensioning jacks	3 Nos.
21.	Hydraulic wire tensioning jacks	2Nos.
22.	1.Girder bed bottom line (All Sizes)	4000 Rft
23.	Batten bed Bottom line (All Sizes)	3000 Rft
24.	Sand, Crush Measuring Box	16 Nos.
25.	Wheel barrow	50 Nos.
26.	Welding Plants	10 Nos.
27.	Many small masonry tools
